

SITE TEAM

JOHN COLET SCHOOL

The site team look after all aspects of the maintenance, cleaning and caretaking tasks of this busy and successful school. The team is managed by the school business manager and consists of a facilities manager, facilities assistant, 2 part-time assistant caretakers, cleaning supervisor and 8 cleaners.

The caretaking staff manage the security, opening and closing of the school premises and cover all aspects of site management throughout the year. The school operates a swimming pool and the caretaking staff are responsible for the safe and compliant operation of the pool equipment. The team are tasked with providing minor maintenance repairs, monitoring the condition of the buildings and services, providing manual handling assistance to teaching and other support staff and to deal with contractors and other visitors. The cleanliness and efficient operation of the school site is essential and the caretaking staff work closely with the cleaning staff to achieve this.
