Online and Digital Safety

Digital Safety is a principal component of our Be Safe, Be Kind approach. John Colet School works with staff, students and parents/carers to create a school community which values the use of new technologies in enhancing learning, encourages responsible use of IT and follows agreed policies to minimise potential online safety risks. Our vision is that all students are digitally literate and ready to safely embrace the opportunities new technologies have to offer.

We discuss, monitor and review our Online Safety Policy, advice and guidelines on a regular basis, linking it with other relevant policies such as Safeguarding, Behaviour and Anti-Bullying Policies. We support staff in the use of IT as an essential tool for enhancing learning and in the embedding of online safety across the whole school

Guidance is available on our website for how to support keeping your child safe online on platforms such as:

- Tik Tok
- Instagram
- Snapchat

Plus general guidance on e-safety
