SUBJECT: ART

Title of GCE: A Level - Art & Design - Fine Art

Exam Board: EDEXCEL

Syllabus Number: 9FA0

## **Course Overview:**

Students will study the Fine Art Syllabus which allows them to vary approaches and materials that they work with during the two year course. Students choose from: drawing, painting, mixed media, sculpture, printmaking and art based photography, ceramics and glass.

Students use skills they have previously been taught to create a strong and creative independent project. They study artists and designers together with contextual sources that relate and respond to their own pathway. Students have group and individual tutorials to support their study and discuss with their teachers the direction their work is taking.

Throughout the course, they will:

- Develop, review and refine ideas analyse contextual and other sources to inform your investigations
- explore and select appropriate resources, media, materials, techniques and processes
- record your ideas, observations and insights
- present personal and meaningful responses

Below is a link to 10 of the best virtual galleries and museums in 2020, students can access these tours to aisd studies.

#### A Level Assessment:

**Component 01: Personal Investigation - Portfolio** 

60% of final grade

Component 02: Externally Set Task - 15 hour examination

40% of final grade

## Brief outline of coursework/controlled assessments:

# Component 01: Personal Investigation. – 60% of final grade.

Students are required to conduct a practical investigation into an idea, issue, concept or theme, supported by a written essay of 1500 - 3000 words.. The focus of the investigation must be identified independently by the student and must lead to a finished outcome or a series of related finished outcomes. Work needs to be completed by the 1<sup>st</sup> January when planning and creation of a large final outcome is completed, the final deadline for complete submission is 31<sup>st</sup> January.

# Component 02: Externally Set Task – 40% of final grade.

The early release paper will be issued on 1<sup>st</sup> February and will provide learners with a theme and a range of written and visual starting points, briefs and stimuli.

A practical project is then developed responding to these themes. A full project is required and students will have approximately 10 school weeks to complete it, then a final outcome will be produced during a controlled 15 hour examination.

## **Career Opportunities:**

Some of the careers and jobs that could be considered after taking Art are as follows: Exhibition designer, Fine artist, Further education teacher, Higher education lecturer, Illustrator, Museum/gallery curator, Printmaker, Secondary school teacher, Art therapist, Arts administrator, Commercial art gallery manager, Interior and spatial designer, Museum/gallery exhibitions officer, Multimedia programmer, Tattoo Artist.

"I find art therapeutic and I enjoy the creativity and freedom it allows" A level Art student.

SUBJECT: PHOTOGRAPHY

Title of GCE: A Level Art & Design - Photography

Exam Board: Edexcel Syllabus Number: 9PY0

#### **General Information:**

Students will study the Edexcel Art and Design - Photography syllabus which allows them to work digitally. We use Image manipulation to experiment with images. Students need to have a camera of their own.

Students are required to work in **one or more** area(s) of Photography, such as those listed below. They may explore overlapping areas and combinations of areas:

- Fillm-based photography
- Digital photography
- Film and video.

Students will develop their skills in:

- The operations and principles of creating a photographic image, including the use of available and controlled light, lenses, cameras and light-sensitive materials, including digital and non-digital.
- a range of materials used in photography, including print and screen-based materials.
- How the formal elements evoke responses in the viewer.
- The processes for production of digital and print-based photographs.
- Methods of presentation of photographic images.
- sustainable materials and production processes in the construction of work.
